Inventorship

1. In view of the papers filed 9 May 2006, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by adding Mr. Takao Ogawa of Koriyama, Japan as an inventor of the application.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tom Cole on 8/9/06.

The application has been amended as follows:

- In line 7 of claim 2, after "surface", --hardnesses-- has been inserted.
- In line 13 of claim 2, after "steel", --and-- has been inserted.

REASONS FOR ALLOWANCE

3. In light of the proper oath and declaration required for the change of inventorship submitted as stated above, the previous office action has been vacated.
4. Claims 1 and 2 are allowed.
5. The following is an examiner's statement of reasons for allowance: The primary reason for allowance of claims 1 and 2 are the limitations found in these claims for a shutter comprising a blade dowel wherein the blade down is a free cutting stainless steel and a carbon tool steel, and a material of the blade arm is a carbon tool steel or a titanium material in combination with having a hardness of Hv300 to Hv900 for the blade dowel and Hv450 to Hv1000 for the blade arm.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
